

MAGTECH[®]

FIRST DEFENSE[™]
300 BLACKOUT

Magtech First Defense 300 Blackout is the ultimate 30 caliber solution for the AR platform, providing superior ballistics in a lightweight and low recoiling operational package. There are no required changes to the rifle except for the barrel. It retains the normal 30 round capacity of STANAG magazines, and does not require a new bolt.

FEATURES

- Reliable compact 30-cal solution for AR platforms
- Delivers optimal performance and reliability when using Suppressors and Short Barrel Rifles
- Fully compatible with standard AR magazines, retaining 30 round capacity
- Easy to manage recoil, especially when fired from short barrel weapons
- Ultimate solution for compact, lightweight and high powered tactical platforms
